**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen Sonic as my internet provider since they offer 10x faster internet at the half a price of Comcast service. I cannot imagine that you would allow price increase and a single company to control internet access. We need more local broadband providers to create price competition and prevent large players from cutting level of service and constantly increase prices. That was pretty much my experience until sonic offered an alternative to their service. Keep Internet competitive!
